WAGE ROLLBACKS

We are urgently asking all City members to attend the September 21st City of Edmonton Unit Meeting, on Zoom or in person at the CSU 52 Office!

Your Bargaining Team will be present to discuss the City of Edmonton's proposal to **roll back your wages to pre-2018 levels**.

Our best estimate of the City of Edmonton's offer of an economic increase is 0% for 2021, 1% for 2022, and 2% for 2023.

Add that to the 0% increases in 2019 and 2020 and the resultant is 3% over a 5-year period.

The City has already moved and will be moving the membership from 33.75 hours/week to either 36.9 or 40 hours/week.

The move to 36.9 hours results in a 3.1% decrease in your hourly rate.

The move to 40 hours results in a 5.5% decrease in your hourly rate.

The net of these numbers means that those moved to 36.9 hours/week will be making 0.1% less per hour than they did in 2018, and 2.5% less per hour for those moved to 40 hours.
